Computing

Module 2:

Cloud Technology
Concepts

Module 1: Fundamental

Predictive AI

Module 4:

Fundamental
Generative AI

Module 22:

Cloud AI Technology
& Automation

Module 23:

Cloud AI Architecture &
Design

Module 24:

Cloud AI Architecture &
Design Lab

Program pelatihan Cloud AI Architecture & Design dirancang untuk memberikan pemahaman mengenai konsep cloud dan Artificial Intelligence dalam membangun arsitektur solusi digital modern. Peserta akan mempelajari teknologi cloud, AI, automation, serta praktik implementasi Cloud AI melalui lab.

APA YANG AKAN DIPELAJARI?

- Fundamental Cloud Computing
- Konsep Cloud Technology
- Fundamental Predictive AI
- Fundamental Generative AI
- Cloud AI Technology & Automation
- Cloud AI Architecture & Design
- Praktik implementasi melalui Cloud AI Architecture & Design Lab
